With glowing hearts by His cradle we stand.
So led by light of a star sweetly gleaming.
Here came the wisemen from the Orient land.
The King of Kings lay thus in lowly manger,

His law is love and His gospel is peace.
Chains shall He break, for the slave is our brother

Have a Safe and Happy Holiday Season

During the holidays, a delight to see is a beautifully decorated tree. Keeping the holiday safe is an important responsibility for every family. These simple steps can help guard against a holiday fire.

- Select the freshest-looking Tree available. Store it either out doors or in a cold place until you are ready to put it up. Make a fresh cut across the tree's base and immediately place in water.
- Keep the tree's water container full at all times, checking the water level daily.
- Be careful with electricity, all open flames and other heat sources during the holidays.
- Check all Christmas tree lights, other electric decorations and electrical appliances for worn electrical cords. Use only approved electrical decorations and extension cords and do not overload the wiring system.
- Place the Christmas tree well away from heat registers, space heaters, fire places and wood stoves.
- Place the Christmas tree well clear of doors --keep the emergency escape route clear of trees, packages and furniture.
- Unplug tree lights and other decorations when out of the room or sleeping.
